

ANTI-5G PROTESTS

Please do NOT remove 'Anti-5G' stickers or posters you see around Cambridge

'Anti-5G' protesters have been sticking posters on various street furniture including telephone infrastructure, electricity cabinets and lamp posts.

Some of these posters have blades or other 'sharps' placed behind them, in a deliberate attempt to injure anyone who attempts to remove them.

PLEASE DO NOT REMOVE THESE STICKERS - THEY MUST BE LEFT FOR THE CITY COUNCIL SOS OPERATIONS TEAM TO DEAL WITH.
