

HEALTHWATCH - CAMBRIDGESHIRE'S COVID-19 SURVEY

People across Cambridge city are invited to have their say on changes to health and care services since the start of the coronavirus pandemic.

People across Cambridge city are invited to have their say on changes to health and care services since the start of the coronavirus pandemic.

Health and social care services are working hard to care for us all in these difficult times. And the way most services are provided is changing to help keep people safe from covid-19.

How have these changes affected you and those you care about?

Fill in a new survey from Healthwatch Cambridgeshire and tell them how these changes have affected you. And how you've coped during the lockdown.

What you say will really help local NHS and care organisations protect people during the pandemic.
