

HOW TO GET YOUR COVID-19 VACCINE

The rapid rise in infections in the city means that everyone eligible should get their vaccinations as soon as possible

The rapid rise in infections in the city means that everyone eligible should get their vaccinations as soon as possible. More than half the current infections are in the 18-24 age group.

The COVID-19 vaccines currently available are given in 2 doses. You usually have the 2nd dose 8 to 12 weeks after the 1st dose.

To get your vaccine you can:

- Attend one of the walk-in centres, where an appointment is not necessary. (see below)
- [book your COVID-19 vaccination appointments online](#) for an appointment at a vaccination centre or pharmacy or call 119 free of charge. You can speak to a translator if you need to.
- wait to be contacted by your GP surgery and book your appointments with them.

Booking your 2nd dose

You'll need to book a 2nd dose for 8 to 12 weeks after your 1st dose.

- If you have your 1st dose at a walk-in vaccination site, you can [book your 2nd COVID-19 vaccination appointment online](#) or call 119. You'll need to wait 24 hours after your 1st dose before you can book.
- If you book online, you'll be asked to book appointments for both doses. You can [manage your COVID-19 vaccination appointments](#) to view your appointments and rebook if you need to.
- If you have your 1st dose through your GP surgery, you'll be contacted when it's time to book your 2nd dose.
