

## **TRANSPORT CHANGES (PAVEMENTS AND PARKING)**

Cambridgeshire County Council will shortly publish plans for temporary enhancements to support more walking and cycling in the region

[Cambridgeshire County Council will shortly publish plans for temporary enhancements to support more walking and cycling](#) in the region. This follows clear [government policy announced on national television](#) that councils around the country should be making such changes.

Mill Road is an area with narrow pavements, which makes it difficult for pedestrians to distance themselves from others. Many in Petersfield will consider that this road should be a high priority for changes to make it safer.
