

## VOLUNTEERS FOR CAMBRIDGE CITY PCN VACCINATION PROGRAMME

Can you help the City vaccination programme?

Vaccination clinics are soon to be coming to Cambridge and we are now looking for volunteers to help with non-clinical parts of the vaccination days.

The first session will be at East Barnwell Health Centre in Abbey on. Wed 20th, Thur 21, Fri 22 January, 8am - 8pm. Future sessions may be in other parts of the city, so you will need to note if you are able to travel for volunteering.

### The roles:

**Car park Attendant** (outside) - will work in a team to greet patients, direct to suitable parking and manage traffic flow - so you will need to be active and like talking to people.

**Meet and Greet** (outside) - will work in a team to ensure patients' welfare while waiting to enter the building - so you will need to be active and like talking to people.

**If you think you can help in any way, even if you only have little time to offer, or for more information please contact Chloe Baker on [chloe.baker9@nhs.net](mailto:chloe.baker9@nhs.net) or call 01223 728 900.**
